Head of the Energy Efficiency Working Group, Anita Žibrat, her deputy, Branka Leskovšek and a member of the Working Group, Marcel Gajzer.

In October 2021, members of the Working Group for Energy Efficiency of Pošta Slovenije organized planting of 5 linden trees next to the Logistics postal unit in Murska Sobota. Linden is considered as a sacred tree in Slovenia.

At the same time, we enriched the surroundings of new Logistics postal unit in Dravograd with 6 young maple trees.
